If You Traveled to an Area with High Amounts of COVID-19

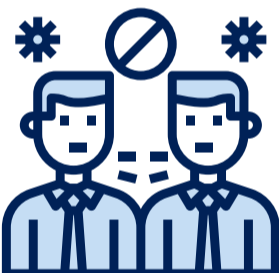

- Quarantine at Home for 14 Days Upon Return

- Monitor Your Symptoms and Check Your Temperature Daily

- Avoid Close Contact & Wear Mask Around Others

- Check with Employer and/or Childcare for "Return to Work/Care" Guidance

Employers: Consider potential exposure risks and consider remote work options for employees who reside in an area with travel restrictions and work in Chester County. Employees who reside in an area with travel restrictions and continue to work in-person should be mindful of their activities in that area, and minimize their potential exposure.
